🎯 How to Use These Prompts

Make them yours: Replace the bracketed placeholders with your specific details. The more specific you are, the better the output.

Follow up: Don't just take the first response. Ask follow-up questions like "Can you make this more specific?" or "What would this look like for someone in my exact situation?"

Combine prompts: Use multiple prompts together. For example, use the Personal Story Transformer with the Viral Hook Generator to create compelling content.

Experiment: Try the same prompt in different AI tools. ChatGPT, Claude, and others each have their strengths.

Take action: The best prompt in the world won't help if you don't use the output. Set aside time to actually implement what AI helps you create.

Remember: AI didn't replace anyone's job here — it gave them more control over their future. These prompts are designed to help you do the same.
